Subject: Admin Order

Rick,

As per our discussions (with both myself and LT Grim), here is the Administrative Order that we are sending to the owner of the M/V KED. Hopefully, this will spur him onto action. If he decides to actually tow it somewhere, he'll still need a CG approved tow plan (including probably a vessel inspection, route of travel, tug horsepower, etc.). The Captain signed this today and we'll get it into the mail tomorrow.

v/r,

Amy
